

Product
Type
COUNTER RUST™ BA-70
Metal Protection
Overbased barium sulfonate
Application

Counter Rust BA-70 is an overbased barium sulfonate. Counter Rust BA-70 provides excellent rust protection. It's water displacing abilities make it ideal for formulating rust preventives, corrosion inhibitors. It provides added protection against rust in greases and lubricating oils, steel mill slushing oils and galvanic corrosion inhibitors.

Typical Properties

Test	Typical
Appearance	Reddish brown, viscous liquid
Specific gravity at 15.6° C	1.1
Total base number, mg KOH/g	55
Total barium sulfonate, wt. %	43
Total barium, wt. %	14
Water wt. %	0.5

Benefits

- Excellent rust protection in the presence of water
- Good wetting, dispersing and detergent action
- Excellent water displacing and separating agent
- Compatible with naphthenic and paraffinic oils

Storage and Handling

Recommended Max Long Term Storage Temperature	Ambient
Flash Point	>150° C
